SWTIA 2023-24 Approved Projects

Project	SWTIA 2023-1
Project Name	Grafting for the Lake Nipigon East (LNE) Black Spruce Second-Generation Clonal Orchard
Project Description	- grow root stock and store, collect scions, and produce grafted stock.
Funding Request	$35,000.00

Project	SWTIA 2023-2
Project Name	Measure the Rainy Lake Black Spruce Second-Generation Open-Pollinated Tests
Project Description	- measure height in OP tests (Barber, Little Turtle (2), Kawawia).
Funding Request	$42,000.00

Project	SWTIA 2023-3
Project Name	Analyse Rainy Lake Black Spruce Second-Generation Open-Pollinated Test Data
Project Description	- contract analysis of Rainy Lake Sb 2nd gen OP test data.
Funding Request	$6,000.00

Project	SWTIA 2023-4
Project Name	Maintenance and Protection of Tree Improvement Sites
Project Description	- conduct essential maintenance and protection operations at high value tree improvement sites.
Funding Request	$22,000.00

Project	SWTIA 2023-5
Project Name	Measure LU Long-Term Provenance Tests
Project Description	Measure growth and collect data in two long-term provenance tests established by Lakehead University (LU). The test data will be provided to Dr. Ashley Thomson at LU and Dr. Pengxin Lu at the Ontario Forest Research Institute (OFRI) to analyze and assist with developing seed transfer guidelines for black spruce and jack pine in northwestern Ontario.
Funding Request	$8,000.00

Project	SWTIA 2023-C
Project Name	SWTIA Annual Core Funding
Project Description	Core Funding
Funding Request	$141,250.00
